

SUMMER BREAK AT KESLA

Factories are on holidays at July:

- Joensuu week 28 – 31
- Kesälahti week 27 – 30

During that time there is no shipping of products from the factory. Spare part sales will be operating normally, but with limited capacity.

Export personnel are on holidays in July (week 28 – 31). Under that period we will have only limited access to email and phone. One of our export assistants, Kirsi Soininen and Tarja Tykkyläinen, will be reachable also under that time. The only exception is week 29 (19. – 25.7.), then we all are out of office.
